Re: Authorization to proceed for the proposed Project Coordinator and Supervising Contractor under the Remedial Design / Remedial Action Consent Decree for the Nuclear Metals, Inc. Superfund Site

Dear Mr. Snell:

EPA, in consultation with MassDEP, has completed its review of the *Designation of Project Coordinator and Supervising/General Contractor* notification, dated December 12, 2019. This submittal was required pursuant to Paragraph 9.c(1) of the Consent Decree for Remedial Design / Remedial Action for the Nuclear metals, Inc. Superfund Site, which has an effective date of December 6, 2019.

EPA and MassDEP find that Settling Defendant's Project Coordinator and Supervising Contractor meet all the requirements described in the Consent Decree. Therefore, in accordance with Paragraph 9.c(2) of the Consent Decree, EPA authorizes the Settling Defendants to proceed.

Please do not hesitate to contact me at (617) 918-1339 or at smith.christopher@epa.gov should you have any questions in this regard.

Sincerely,

A handwritten signature in black ink, appearing to read "Christopher Smith", is positioned above the typed name.
